3639 Bachelor of Information and Communication Technology

Software Development

Trimester 1, 2026 Commencing Student Advising Guide

This Advising Guide has been specifically created for NEW students enrolled in a Bachelor of Information and Communication Technology with a Software Development major at Western Sydney University, Sydney City Campus commencing in T1 2026

This guide provides students with details of the subjects they will need to study to complete their degree. It is divided into 3 sections:

1. **Course structure:** subjects divided into categories (e.g. Core, Key Program and Elective).
2. **Subjects for 2026**
3. **Recommended Sequences:** the recommended order of subjects a student should follow to complete their degree. Sequences have been provided to assist students with planning their enrolment. For more detailed information, students can book in with their Program Convenor or a Student Advisor (see information below).

Study load options

Fulltime study:	Students should select 3 subjects per Trimester (International students are required to study a full-time load)
Part-time study:	Students should select 1-2 subjects per Trimester
Accelerated study:	Students should select 4 subjects per Trimester*

*Students should only consider taking 4 subjects per Trimester once they have completed at least one Trimester of study at Sydney City Campus.

Subject prerequisites and assumed knowledge

Students should check the handbook entry for more subject information including pre-requisites, subject levels and assumed knowledge.

Advanced Standing

Students who have received Advanced Standing for previous study should make sure they take into account which subjects they have been granted credit for, before selecting their subjects to study at Sydney City Campus. Students with Advanced Standing who have questions about which subjects to select can also contact the program convenors via computing@city.westernsydney.edu.au for personalised course advice.

For more assistance or advice on your Program, you can also make an appointment at Sydney City Campus reception to meet with a Student Adviser or via their online booking system <https://calendly.com/student-services-teams> Alternatively, you can contact them at studentservices@city.westernsydney.edu.au

For electives, students can refer to the recommended subjects in this guide, or they can use the handbook to search for other undergraduate subjects available at the Sydney City Campus for each Trimester. <https://studenthandbook.westernsydney.edu.au/>

Course structure

Qualification for this award requires the successful completion of 240 credit points, which includes:

12 Core Subjects (120 credit points)

COMP 1005	Programming Fundamentals
MATH 1038	Mathematics for Computing
INFO 1003	Professional Practice. Communication and Ethics
HUMN 1013	Contextualising Indigenous Australia
COMP 2004	Computer Networking
COMP 2021	Software Engineering Fundamentals
INFS 2001	Database Design and Development
COMP 2015	Programming Techniques
COMP 2027	Cyber Security
COMP 3028	Software Construction
INFO 3019	Project Management
COMP 3018	Professional Experience

Software Development major subjects (80 credit points)

COMP 2009	Data Structures and Algorithms
COMP 3013	Mobile Applications Development
MATH 1006	Discrete Mathematics
INFO 3003	Human-Computer Interaction
COMP 3036	Full Stack Development
COMP 3015	Operating Systems Programming
INFS 3027	Social Computing and Systems Thinking
COMP 3012	Introduction to Cloud Computing

Elective subjects (40 credit points)

Students can choose 40 credit points of elective subjects from eligible undergraduate subjects available at the Sydney City Campus.

Subjects for commencing students at Sydney City Campus for 2026

Trimester 1 2026

COMP 1005	Programming Fundamental
INFO1003	Professional Practice, Communication and Ethics
Elective	Any subject on offer at SCC

Recommended - any of the following:

COMP2013	LAN Workshop
COMP2025	Introduction to Data Science
INFO2004	Cyber Crime and Social Engineering

Trimester 2 2026

COMP 2004	Computer Networking
COMP 2015	Programming Techniques
MATH 1038	Mathematics for Computing

Trimester 3 2026

COMP2021	Software Engineering Fundamentals
HUMN 1013	Contextualising Indigenous Australia
Elective	Any subject on offer at SCC

Recommended - any of the following:

COMP2013	LAN Workshop
INFS 1016	Digital Transformation and Design Thinking
COMP 1013	Analytics Programming

Recommended Sequences

Software Development

Term 1 2026	COMP 1005	Programming Fundamental
Term 1 2026	INFO1003	Professional Practice, Communication and Ethics
Term 1 2026	Elective	Recom: COMP2013, COMP2025 or INFO2004
Term 2 2026	COMP 2004	Computer Networking
Term 2 2026	COMP 2015	Programming Techniques
Term 2 2026	MATH 1038	Mathematics for Computing
Term 3 2026	COMP2021	Software Engineering Fundamentals
Term 3 2026	HUMN 1013	Contextualising Indigenous Australia
Term 3 2026	Elective	Recom: COMP2013, INFS1016 or COMP1013
Term 1 2027	COMP3013	Mobile Applications Development
Term 1 2027	INFS2001	Database Design and Development
Term 1 2027	Elective	
Term 2 2027	MATH 1006	Discrete Mathematics
Term 2 2027	COMP3015	Operating Systems Programming
Term 2 2027	COMP 2009	Data Structures and Algorithms
Term 3 2027	INFS3027	Social Computing and Systems Thinking
Term 3 2027	COMP 2027	Cyber Security
Term 3 2027	COMP 3012	Introduction to Cloud Computing
Term 1 2028	COMP 3028	Software Construction
Term 1 2028	INFO3019	Project Management
Term 1 2028	Elective	
Term 2 2028	INFO3003	Human-Computer Interaction
Term 2 2028	COMP3036	Full Stack Development
Term 2 2028	COMP 3018	Professional Experience
