

3699 - Master of Information and Communication Technology ('Networking' and 'Web and Mobile Computing' and 'Cybersecurity')

2024 Trimester 3 Commencing Student Advising Guide

This Advising Guide has been specifically created for students enrolled in a Master of Information and Communication Technology with a Testamur Major in Networking, Web and Mobile Computing or Cybersecurity at Western Sydney University, Sydney City Campus who commence in T3 2024.

This guide provides students with details of the subjects they will need to study to complete their degree. It is divided into 3 sections

- 1. **Course structure:** subjects divided into categories (e.g. Core. Specialisation, Specialised subjects).
- 2. Subjects for T3 2024
- 3. **Recommended sequences:** the recommended order of subjects a student should follow to complete their degree. Sequences have been provided to assist students with planning their enrolment. For more detailed information, students can book in with their Program Convenor or a Student Advisor (see information below).

Study load options

Fulltime study:	Students should select 3 subjects per Trimester (International students are required to study a full-time load)
Part-time study:	Students should select 1-2 subjects per Trimester
Accelerated study:	Students should select 4 subjects per Trimester*

^{*}Students should only consider taking 4 subjects per Trimester once they have completed at least one Trimester of study at Sydney City Campus.

Subject prerequisites and assumed knowledge

Students should check the handbook entry for more subject information including prerequisites, subject levels and assumed knowledge.

Advanced Standing

Students who have received Advanced Standing based on previous study should make sure they take into account which subjects they have been granted credit for, before selecting their subjects to study at Sydney City Campus. Students with Advanced Standing who have questions about which subjects to select can also contact the program convenors via computing@city.westernsydney.edu.au or mr.razavi@city.westernsydney.edu.au for personalised course advice.

For more assistance or advice on your Program, you can also make an appointment at Sydney City Campus reception to meet with a Student Adviser or via their online booking system https://calendly.com/student-services-teams Alternatively, you can contact them at studentservices@city.westernsydney.edu.au

For this course, the SCC offers 17 subjects that allow for a completion of the Masters with either of the three Testamur Majors: Networking, Web and Mobile Computing or Cybersecurity.

 $\label{lem:more detailed program and subject information can be found in the Western Sydney Handbook \\ \underline{\text{https://hbook.westernsydney.edu.au/programs/master-information-communications-technology/}$

Sydney City Campus

Course structure

Qualification for this award requires the successful completion of 160 credit points including the subjects listed below plus 120 hours (full time or part-time equivalent) of work experience component.

9 Core Subjects (90 credit points)

COMP 7013	Network Technologies
ENGR 7017	Professional Practice and Communication
NATS 7057	Research Preparation in Post Graduate Studies
INFO 6001	IT Project Management
INFO 6002	Postgraduate Capstone Project
COMP 7015	Programming Proficiency
INFS 7007	Systems Analysis and Database Management Systems
INFO 7003	Advanced Topics in User System Interaction

Applied Cybersecurity

Students must enrol in the ICT Practicum subject to receive recognition for Work Integrated Learning.

INFO 7004 ICT Practicum (0 credit points)

7 subjects from Testamur Majors and Alternate or Multi-disciplinary subjects needs to be completed.

All students MUST complete one of the listed Majors below:

Networking Major

INFO7015

Students must complete four subjects from the following:

COMP 7002 Advanced Topics in Networking (not offered at SCC)

COMP 7011 Multimedia Communication Systems

COMP 7008 Internet of Things

INFS 7008 Systems and Network Security

COMP 7017 Wireless Networking

Please note, students enrolled in 'Networking' testamur major must use one of their elective spaces to complete the advanced subject 'Advanced Topics in ICT (INFS7003)' due to professional accreditation requirements.

Web and Mobile Computing Major

Students must complete the following subjects:

INFS 7009 Web Technologies COMP 7009 Mobile Computing

And choose two subjects of:

 $\label{lem:more detailed program and subject information can be found in the Western Sydney Handbook \\ \underline{\text{https://hbook.westernsydney.edu.au/programs/master-information-communications-technology/}$

Sydney City Campus

INFO 7013 Web Engineering

INFS 7006 Software Testing and Automation

COMP 7004 Cloud Computing
COMP 7008 Internet of Things

Cybersecurity Major

Students must complete the following three subjects:

INFO 7014 Advanced Topics in Cybersecurity

INFO 7015 Applied Cybersecurity

INFS 7008 Systems and Network Security

And select one of the following:

INFO 7002 Advanced Topics in Artificial Intelligence

COMP 7004 Cloud Computing

COMP 7007 Information Security Management

COMP 7016 Visualisation

Complete list of Alternate or Multi-disciplinary subject is in handbook (https://hbook.westernsydney.edu.au/programs/master-information-communications-technology/#structure2024text).

Sydney City Campus

Subjects for commencing students at Sydney City Campus for T3 2024

All subjects are planned to be delivered on campus.

Trimester 3 2024
