3687 Bachelor of Information Systems No Major

Trimester 2 2026 Commencing Student Advising Guide

This Advising Guide has been specifically created for NEW students enrolled in a Bachelor of Information Systems with no major at Western Sydney University, Sydney City Campus commencing in T2 2026.

This guide provides students with details of the subjects they will need to study to complete their degree. It is divided into 2 sections;

1. **Course structure:** subjects divided into categories (e.g. Core, Key Program and Elective).
2. **Subjects for 2026**

Study load options

Fulltime study:	Students should select 3 subjects per Trimester (International students are required to study a full-time load)
Part-time study:	Students should select 1-2 subjects per Trimester
Accelerated study:	Students should select 4 subjects per Trimester*

*Students should only consider taking 4 subjects per Trimester once they have completed at least one Trimester of study at Sydney City Campus.

Subject prerequisites and assumed knowledge

Students should check the handbook entry for more subject information including prerequisites, subject levels and assumed knowledge.

Advanced Standing

Students who have received Advanced Standing for previous study should make sure they take into account which subjects they have been granted credit for, before selecting their subjects to study at Sydney City Campus. Students with Advanced Standing who have questions about which subjects to select can also contact the program convenors via computing@city.westernsydney.edu.au for personalised course advice.

For more assistance or advice on your Program, you can also make an appointment at Sydney City Campus reception to meet with a Student Adviser or via their online booking system <https://calendly.com/student-services-teams> Alternatively, you can contact them at studentservices@city.westernsydney.edu.au

For electives, students can refer to the recommended subjects in this guide, or they can use the handbook to search for other undergraduate subjects available at the Sydney City Campus for each Trimester. <https://studenthandbook.westernsydney.edu.au/>

Course structure

Qualification for this award requires the successful completion of 240 credit points, which includes:

16 Core Subjects (160 credit points)

INFO1003	Professional Practice, Communication and Ethics
COMP2004	Computer Networking
INFS2001	Database Design and Development
INFO 3003	Human-Computer Interaction
INFO3019	Project Management
COMP3018	Professional Experience
COMP1005	Programming Fundamentals
INFS 2013	Systems Analysis and Design
INFS3006	Emerging Trends in Information Systems
ACCT 1005	Accounting in Context
BUSM 1042	Introduction to Business Analytics
INFS 1016	Digital Transformation and Design Thinking
INFS 2012	Digital Technologies and Security
INFS 3027	Social Computing and Systems Thinking
INFS 3024	Enterprise Architecture
INFS 3023	Advanced Systems Development Methodologies

Elective subjects (80 credit points)

Students can choose 80 credit points of elective subjects from eligible undergraduate subjects available at the Sydney City Campus.

Subjects for commencing students at Sydney City Campus in Term 2 2026

Trimester 2 2026

COMP 1005	Programming Fundamentals
INFO 1003	Professional Practice, Communication and Ethics
BUSM 1042	Introduction to Business Analytics

Trimester 3 2026

INFS 1016	Digital Transformation and Design Thinking
ACCT 1005	Accounting in Context
Elective	Recommended: COMP2013 LAN Workshop

3687 Bachelor of Information Systems Business Analytics
